

The SACU Return to Riding Fund

The SACU are dedicated to aiding the relaunching of motorcycle sport during these unprecedented times. As such, The SACU will begin working with clubs to create up to date risk assessments and conduct safety check lists before SACU permits can be granted.

In order to support our clubs throughout this process the SACU Return to Riding Fund has been created. The purpose of the fund is to allow clubs to apply for funding in order to create a safe environment for SACU associated practice and competition to take place.

This may include, but is not limited to:

- Purchase of personal protective equipment (PPE)
- Purchase of sanitation equipment
- Purchase of hand held contactless thermometers
- Purchase of contactless sign on equipment
- Government guideline signage

To apply and for further details:

Please contact Shabaz Khan (National Development Officer) on **07470743088** or shabaz.khan@sacu.co.uk

Please note:

Clubs are welcome to submit multiple applications for funding throughout the year however favour will be given to those clubs that have not received SACU Return to Riding funding in the past.
