February 2018

Road Race Rider Development Sessions

The SACU are promoting, following a successful season in 2017, new rider development sessions for Road Race. These sessions are open to SACU Clubman road race licence holders, and are aimed at Clubman Licence Holders of all ages who have already clocked up a few signatures on their licence, but wish to seek advice on progressing towards obtaining a full national licence. These sessions are not intended for those already on National licenses, but should such a rider feel that they would benefit from such a session, then please at least enquire.

Due to popular demand we are also including sidecars this year.

The sessions will be predominately track time, with a smattering of advice from SACU invited experienced riders able to offer the coaching you might require.

Dates/times are East Fortune Sat 24th March 1pm till 4pm, and Knockhill, all Tuesdays 5pm till 8pm on May 22nd, July 24th and August 28th. You would be well advised to arrive at least an hour earlier for briefing. The briefing will include a strict reminder that these are not race sessions, rather coaching sessions and "misbehavior" will not be tolerated! So if you want to learn to race, sign up, but if you want to race, enter for a race event.

The SACU, whilst providing funding to make this possible, wish to thank Knockhill Racing Circuit for fully sponsoring the track time, and the Landowner at East Fortune similarly. Nevertheless, it will still be necessary to make a small contribution towards staging these events (Marshals, Medical etc.) £30 You will need your SACU Clubman Licence, and a parent if you are under 18, but you can sign on, on the day.

Please contact Stella Clusker at the SACU Office to reserve a place. Stella can be contacted on 01506 858 354 . You must reserve a space at least 7 days before each event, but such spaces are limited and we apologise if we are unable to accommodate you due to demand.
